That it is submitted this drain also passes in Dattakere Tank bed, the ownership of which is in dispute between the Palace and the Mysore Trust Board. While sanctioning an estimate for Rs 26,500 for improvement to some other drain in this tank bed, it was observed that the T.B. cannot claim the area as its own on the ground that the work of improving the drain at the Palace has been executed by them & that any decision in this behalf by any competent authority will be binding on the parties concerned who are claiming the ownership of the area. With these observations, the estimate for Rs 15,000 may also perhaps be sanctioned as noted in para 8 in the previous page.

10) The ownership of the tank bed is in dispute. Palace claims the tank bed as theirs according to the list of Private properties of H.H. the Maharaja as appd by the Govt of India after consulting the Mysore Govt and also the Palace. The matter is being dealt with in the Chief Secretariat, and all the records were linked up in this Dept. Recently, we issued orders stating that the decision arrived at in the case will be binding both the parties. and that

The estimate for Rs 26,500/- for improving the Doddakere Lauk bed area (vide G.O. was sanctioned. Therefore, gradually Govt will be made a Party to say that the D.B is the occupier of the property. Until and unless the question of ownership is decided, it is not desirable to sanction any estimate to take up any work in the lands belonging to the Palace. As matters pertaining to Palace are being dealt with in the Chief Secretariat, opinion of the Chief Secy may kindly be obtained from the matter of taking up improvement works on areas under dispute
